Our wrap around club takes place in our own building within the nursery playground of Fairfield Primary School where daily activities take place in accordance with the Curriculum for Wales. Children's development is monitored and documented in the form of development records which is shared with parents and carers. Children also have direct access to an outside area which is used daily. Whilst at our wrap around centre, children will be provided with breakfast if attending the morning and both sessions will include all drinks and a snack. For lunch, we ask that children are provided with a packed lunch. Both clubs strive to cater for all dietary needs including allergies and cultural requirements. The club is managed daily by Samantha Thomas who is the Person in Charge.

#### **Registration**

All children must be registered with the club before they can attend. Registration forms are available from us at enquiries@bearpak.co.uk/07702873067 or can be downloaded from our website at www.bearpak.co.uk. An initial deposit of 2 weeks of sessions will need to be paid to secure registration which will be deducted from your child's session costs.

#### **Attendance**

If you know that you will require particular days, paying for a regular booking means that you can be assured your child has a place. We are able to take children already registered at the club at short notice if we have space for that session. When you know your child may not be attending a session, it is important that you let us know this to avoid confusion at school collection times.

Absences of children will still be charged for unless it is a bank holiday or a school inset day. This is due us having to hold your child's place whilst they are absent which means us having to still pay our staffing costs in order to maintain regular correct ratios of staff to children.

3. Providing regular newsletters regarding the club activities and items interest.

4. Sharing and discussing your child's achievements, experiences, progress and friendships along with any difficulties that may arise.

5. Providing quality care and activities that put the needs and safety of the children first.

8. Providing a staff team that are experienced, well trained and properly supported staff.

9. Ensuring that the environment in which your children play does not accept discrimination or bullying in any form to the best of our ability.

# **Special Needs**

Our service is aware that some children have special educational needs and/or physical disabilities that require particular support and assistance. We are committed to taking appropriate action to make sure that all children are able to access our services, made to feel welcome and that our activities promote their welfare and development.

The services we provide are committed to the integration of all children in its' care. The club also believes that children with special educational needs and/or physical disabilities have a right to play, learn and be able to develop to their full potential alongside other children. Whenever possible, children with special needs will have access to the same facilities, activities and play opportunities as their peers. Everybody stands to gain if all children are allowed to share the same experiences and are helped to overcome any disadvantages they may face.

We believe that by identifying individual needs and taking proactive steps alongside parents/carers and other statutory professionals or agencies, all children should be able to play a full, active and equal part in the clubs activities.

#### **Bullying**

Bear Pak is committed to providing an environment for children that is safe, welcoming and free from bullying. Bullying of any form is unacceptable in our club, whether the offender is a child or an adult. Everyone involved in the club – staff, children and parents/carers – will be made aware of the clubs stance towards bullying. Such behaviour will not be tolerated or excused under any circumstances and will be dealt with using our disciplinary procedure. The club defines bullying as the repeated harassment of others through emotional, physical, verbal or psychological abuse.

The Person in Charge and staff will make every effort to create a caring environment at the club where bullying behaviour is not acceptable and where positive behaviour is rewarded and encouraged. Staff will discuss issues surrounding bullying openly with the children through activities and the formation of club rules. Children will be told what bullying is and the consequences of it occurring. Despite all efforts to prevent it, bullying may occasionally happen and the club recognises this fact. In the event of such incidents, the clubs procedures will be followed.

#### Suspensions and Exclusions

Bear Pak is committed to dealing with negative behaviour in a non-confrontational and constructive manner. Wherever possible, disruptive or challenging behaviour will be tackled collectively between staff and children at the club. However, there are occasions when such strategies alone will not alter or prevent negative behaviour. In such cases, further action will be necessary, including reviewing a child's place at the club on either a temporary or permanent basis. Persistent unacceptable behaviour from a child will result in them receiving a formal warning from staff about their actions. Staff will explain to the child why their behaviour is unacceptable and the consequences of any further such incidents. Children will be encouraged to discuss their behaviour, to explain their actions and help to develop strategies to avoid repeat incidents.

Details of all suspensions and exclusions will be recorded and kept on the clubs records. Each warning should be discussed with the child concerned and their parent/carer. All staff will be made aware of any warnings given to a child. As a last resort, the club has the right to temporary suspend or permanently exclude a child in the event of persistent and unacceptable behaviour. Only in the event of an extremely serious or dangerous incident will a child be suspended from the club with immediate effect. In such circumstances, the child's parent/carer or emergency contact will be contacted to collect the child immediately. Children will not be allowed to leave the premises until a parent/carer arrives to collect them. After any immediate suspension has taken place, the child will be invited with their parents/carers to a meeting to discuss the incident and if it is possible for the child to return to the club. Staff will always keep parents/carers informed about behaviour management issues relating to the child and attempt to work with them to tackle the causes of disruptive or unacceptable behaviour.

#### **Child Protection**

Our club believes that children have the right to a completely secure environment that is free from both fear and the reality of abuse and we are committed to protecting all children in our care from harm. The club has an appointed member of staff as the Child Protection Officer. This officer has training and expertise and will be responsible for liaising with Social Services, the Area Child Protection Committee and CIW in any child protection matter. Child abuse manifests itself in a variety of ways, some overt and other much less so. All staff have child protection training and will be vigilant for signs and evidence of physical, sexual, emotional abuse and neglect.

#### **Dealing with allegations**

The club is committed to ensuring that it meets the responsibilities in respect of child protection by treating any allegation seriously and sensitively. On discovering an allegation of abuse, the Child Protection Officer will immediately refer to the local statutory child protection agencies.

#### **Equal Opportunities**

Our club is committed to taking proactive steps to ensure that we provide a safe, caring environment free from discrimination for everyone in our community. The club's equal opportunities policy aims to help everyone in the club challenge and eliminate discriminative behaviour whether it be direct or indirect. This includes decisions made in employment practises and service provision to ensure our services achieve equality of opportunities for all.

The club aims to provide an environment that promotes and reflects cultural and social diversity and is equally accessible to all. The club will endeavour to challenge any offensive behaviour, language or attitudes with regards to race, ethnicity, nationality, class, religion, culture, gender, language, sexual orientation and disability. The club recognises that achieving the objectives of our equal opportunities policy relies on the active involvement of parents/carers. As such, the club will welcome and encourage parents and carers to get involved in the running and management of the club and to comment on the effectiveness of its policies and procedures.

# **Collection of Children**

Our club has the highest regard for children in our care from the moment they arrive, to the moment they leave. At the end of every session, the club will ensure that all children have been collected by their parents, carers or designated adult. If for some reason the child is not collected at the end of the session, the following procedures will be activated:

1. The Person in Charge will call the parent/carer or designated adult and use any other emergency contact details available in order to ascertain the reason for the delay and how long it is likely to last.

2. Whilst waiting to be collected, the child will be supervised by at least two members of staff who will offer them as much support and reassurance as necessary.

3. A late fee will be charged for the late collection of children which increases the later the pickup. These fees are displayed on the parents' notice board.

4. Under no circumstances will a child be taken home (home referring to a staff member's home) by a member of staff or away from the club's premises.

5. The child will remain in the care of the club until they are collected by the parent, carer or designated adult.

6. If a parent/carer or emergency contacts fail to collect the child, social services shall be contacted and the child will be placed in their care.

7. Some children may get collected by car or by a reputable taxi company due to distance from club or weather conditions. Where this is the case, all vehicles will have relevant insurance, have safety checks carried out and have booster seats when needed. Children will never be left alone in a taxi.
